Students who successfully complete this course will demonstrate the ability to do the following SCCC Outcomes.

IV: Demonstrate mathematical skills using a variety of techniques and technologies.

V: Demonstrate the ability to think critically by gathering facts, generating insights, analyzing data, and evaluating information

VI: Exhibit skills in information and technological literacy

VII: Demonstrate knowledge and comprehension of the diverse cultures, creeds, and lifestyles of America and the world community.

**VI. COURSE OUTCOMES:**

Develop skills and methods necessary to practice in the profession.

Apply theory learned in the classroom setting to the field practice.

Become acquainted with the standards and ethics common to the profession

Further develop problem solving skills

**VII. COURSE OUTLINE:**

Two hours credit is obtained by the student working with an area Agribusiness for a minimum of 136 clock hours. This will be an average of 8.5 hours per week. Outlines for each student's areas of emphasis will be determined by the Ag Coordinator, the Employer, and the Student. Each student will be expected to keep a daily log of the type of work performed each day and

new concepts or ideas learned. This log will be part of the Addendum for a final report which will be required. The final report will have the following format:

1. Cover Sheet (should have student name, semester, SOE Course #)
2. Introduction outlining why this area was selected and what the student expected to learn.
3. Summary of the Experience. This will be a summary of the daily log.
4. Conclusions
5. Addendum which will at a minimum contain, the daily log and time documentation such as pay stubs, or time cards.

#### **VIII. INSTRUCTIONAL METHODS:**

On-the-job experience  
Instructor visitation  
Meetings with instructor  
Project assignments  
CEV

#### **IX. INSTRUCTIONAL AND RESOURCE MATERIALS:**
